Physical Therapy

Physical therapists treat a wide variety of orthopedic, neurological, and medical conditions causing pain and physical dysfunction.

We offer a variety of Physical Therapy specialties:

- Aqua Therapy
- Vestibular Therapy
- LSVT for Parkinson's
- TMD Therapy for jaw pain
- Manual Therapy & much more!

Occupational Therapy

Our Occupational Therapists (OTs) specialize in helping you stay independent for as long as possible with the use of current concepts in rehabilitation and state of the art equipment.

Are you having trouble bending over to put on socks and shoes? OT has a solution!

Do you have difficulty using your arm due to having a stroke? Our OT's may be able to help!

Speech Therapy

Our Speech – Language Pathologists (SLPs) specialize in helping you increase your independence in memory and home management.

Do you experience difficulty with chewing and swallowing? SLPs can help with that!

To Get Started

You will need a referral from your physician for therapy.
