

WEEKLY FAMILY UPDATE-EXTRA

Grand Traverse Pavilions update for residents and responsible parties during COVID-19

VOL. 1, ISSUE 10 EXTRA

POSTED: 07.20.2020

- In response to the Michigan Department of Health and Human Services notification of the Governor's orders for all nursing homes to test their staff and residents for COVID-19 testing was completed on June 29th & 30th with nearly 700 residents and staff tested. As required we must notify residents, families and staff if there are any positive COVID tests. Notification are distributed via the robo calling we have in place with additional details to follow on the weekly update. The message issued on Friday, 7/17/20 stated the following:

“This is the Grand Traverse Pavilions with an important COVID update. We were notified that 3 staff members tested positive for COVID-19 for the collection on 6/30/2020. These staff members are without symptoms and have been adhering to our infection control practices and masking. The quarantine period is up for all three. There have been no residents with signs or symptoms of COVID. We remain diligent in our practices and our weekly testing. Please see an added weekly family update on our website.

If you have any questions please contact your pavilion ADON or social worker. For the cottages please contact the director or the cottage nurse.

- Again stressing that we have no residents or staff with signs or symptoms of COVID.
- Additionally, weekly testing will now be required per the Governor's Executive Order for all residents and staff of the Pavilions due to the recent upgrade from a low to moderate risk region. The third week of testing will take place early this week and is expected to continue on a weekly basis until further notice.
