

WEEKLY FAMILY UPDATE-EXTRA

Grand Traverse Pavilions update for residents and responsible parties during COVID-19

VOL. 5, ISSUE 1 EXTRA

POSTED: 08.04.2020

- In response to the Michigan Department of Health and Human Services notification of the Governor's orders for all nursing homes to test their staff and residents for COVID-19 the most recent testing was completed on Monday, August 31st with nearly 400 staff tested. As required we must notify residents, families and staff if there are any positive COVID tests. Notification are distributed via the robo calling we have in place with additional details to follow on the weekly update. The following is information was shared with our staff, residents and responsible parties today, Friday, 8/4/2020:
The Grand Traverse Pavilions was notified that three (3) staff members:
 - ◇ *A Childcare worker (asymptomatic) with no resident contact*
 - ◇ *A Directcare worker (asymptomatic) on the Rehab Unit, confirmed unrelated to the previous transfer patient on Rehab that tested positive yesterday*
 - ◇ *A Dietary staff member (asymptomatic) that has had minimal resident contact*
- All are quarantining as required, and will only be able to return to work after 10 days with no symptoms.
- Again stressing that we have no residents or staff with signs or symptoms of COVID.
- Additionally, weekly testing of residents and staff will resume next week as required per the Governor's Executive Order, and due to the State Safe Map status of a moderate risk region.
- The Pavilions remains diligent in the mandatory masking, handwashing, and the use of PPE eye protection PPE. These preventative measures are in addition to the daily Thermal Image/ Screening of all employees.
- Increased sanitization of all common areas, resident rooms and employee areas has been implemented to reduce the potential spread of infection.

If you have any questions please contact your pavilion ADON or social worker. For the cottages please contact the director or the cottage nurse.
