GRAND TRAVERSE PAVILIONS MEMORANDUM

Financial Operations Report

April 2025

Grand Traverse Pavilions Combined

REVENUE:

The overall revenue for the Pavilions in April was \$2,946,701 resulting in an unfavorable budget variance of \$83,759.

EXPENSES:

The total overall operating expenses for the Pavilions in April were \$3,041,720 resulting in an unfavorable variance to budget of \$32,235.

NET INCOME/LOSS:

There was net loss of \$95,019 from the combined programs of the Pavilions in April resulting in an unfavorable budget variance of \$115,994.

OPERATING CASH:

Total cash at month-end was \$5,949,413. There was a net decrease in overall cash of \$996,703 for the month.

The decrease was primarily due to the semi-annual bond payments for the Cottages (principal & interest) of \$251,907.50 and PACE building (interest-only) of \$41,171.25. PACE reimbursed for this payment in May. There was a 50% down payment on the Aspen and Birch roofing replacement that totaled \$112,500. Both the April and May health and dental insurance premiums were paid in April due to timing along with being five Wednesdays in the month of April made for an additional Accounts Payable run. There were several annual payments for software maintenance along with MCMCFC membership dues. Additionally, there were a few retroactive payments for prior months bills that were paid in April including a December and February invoice for our contract foreign nurses and our contract food services partner implemented wage increase back to January 1 which was included on the April billing.

The schedule of irregular payments from GTP has been updated and is included in your packet. In May there is a considerably less items.

The Pavilions has not cashed the March or April payments of \$103,713.37 monthly owed under the Sublease Deferral Agreement. Management, based on legal counsel recommendation to not accept as a condition for payment and continuing to pursue remedies under the defaulted sublease agreement.

VOUCHERS:

Purchase orders, invoices, checks written, and supporting documentation were reviewed for voucher numbers 5640-5647 for the month of April and were in order without exception.

Grand Traverse Medical Care

REVENUE:

Total Revenue was \$2,700,692 which was below budget by \$23,575 for a negative variance. The census for April averaged 176 residents which was four below the budgeted census and one below the prior month. Private pay census was five above budget, Medicare was five below budget, Medicaid was ten below budget and Hospice was six above the budgeted census. The occupancy for April was 73.3% of licensed beds and 88.4% of available beds. Year to date occupancy is 74.0% of licensed bed days and 89.3% of available bed days. The last day for flexibility in managing census to 85% (to avoid a significant reduction in future Medicaid payments) is September 30, 2025. Efforts to increase the census to 204 (85% of our 240 licensed beds) are underway. Success in that regard is very important for the long- term value of the Pavilions nursing home beds to the community.

Resident Revenue was \$2,520,097 which was under budget for a negative variance of \$33,129. This was primarily due to below budget census and payor mix with higher Medicaid census from prior month with lower private pay and Medicare census. This was partly offset with higher outpatient revenue that contributed a positive variance of \$13,736.

Other revenue was \$180,595 resulting in a positive budget variance of \$9,554 primarily due to higher Direct Care Worker reimbursement over budget and higher accrued interest income.

Work is continuing assembling the information required for Plante Moran to prepare the Medicare and Medicaid cost reports for 2024. When complete, Plante Moran will use the filed Medicaid cost report to estimate the per day payment GTP will receive from Medicaid and hospice providers from October 1, 2025 through September 30, 2026.

As a reminder, because occupancy rose between 2023 and 2024, relatively fixed costs (like the pension plan contributions) per resident day declined and will contribute to a lower reimbursement beginning this fall. Also contributing to lower costs per day is the end of the 3-year amortization of the 2021 pension plan contributions from the bond proceeds. Offsetting those items are retention pay and the first year of amortization of the December 2024 pension plan contribution.

Following through on the Plante Moran strategic planning recommendation to reorganize the cottage operations into a separate legal entity is still a \$50,000 per month benefit to future nursing home Medicaid reimbursements.

EXPENSES:

Operating Expenses totaled \$2,659,797 resulting in an unfavorable budget variance of \$30,270. The negative variance includes the following factors: Maintenance expenses, including wages, are higher in large part due to the ongoing work in moving offices and preparing Aspen for reopening. About \$25,000 was spent for beds, flooring and pantry equipment during the month. Unordinary one-time expenses also included catch-up billing for foreign nurse contract (\$13,000), and food service contract for retro wages (30,000). There was also marketing costs for T-shirts for rehab patients and employee recognition supplies for upcoming nurse's week and admin professional's day.

NET INCOME/LOSS:

Grand Traverse Medical Care produced a net loss of \$19,617 for the month, which was \$53,846 more than budgeted.

RECEIVABLES:

Days Revenue Outstanding ("DRO") is 56 days as of 4/30/2025. This is three more than as of 3/31/2025. Outpatient DRO decreased primarily due to an increase in revenue in April. Our goal is to reduce that number to 45 days.

As of the beginning of April, two residents who had filed a Medicaid application the month prior and were awaiting determination. Additionally, four more residents filed a Medicaid application during the month of April. Four of the six pending applicants have been approved by the end of the month of April.

We also had two private pay residents who have not paid their current bill and have indicated that they are in the process of filing a Medicaid application with an Elder Law Attorney.

Regarding the audit of the 2022 cost report, Plante Moran prepared and filed a request for an Internal Conference to continue to dispute those material proposed adjustments with which we disagree. The internal conference with the State is scheduled for June 2. Audit adjustments result in payment reconciliations in the future.

The Cottages

REVENUE:

Total revenue of \$267,409 generated a \$60,184 unfavorable variance to the budget.

The average leased occupancy for the Cottages-Assisted Living was 52 apartments during the month (9 below budget, 1 more than the prior month), representing 66.7% occupancy. In addition, there were 35 days (average of 1.2 per night) of overnight respite provided during the month (1.7 less than the prior month and 4 days above budget). Hawthorn Lofts-Independent Living average census (excluding the Administrator) was 1 resident per day for 33% occupancy which was the same as the prior month and one below budget. Total average census of 54 residents (one less than the prior month).

Occupancy above included an average of 12 Pace North residents in the Cottages, (the same as the prior month) and 4 days of Respite Care were provided for a Pace North participant (nine less than the prior month).

EXPENSES:

Expenses for April (before depreciation) were \$319,489 which was above the budgeted amount by \$1,964 for an unfavorable variance.

The expense variances included costs for two janitorial cleaning carts, a washing machine replacement, HVAC and sprinkler head repairs, a referral fee for a Cottage March admission and retroactive billing for TV services back to February for one of the Cottages.

NET INCOME/LOSS:

The program had a net loss for the month of \$69,971 resulting in an unfavorable variance of \$61,411.
